Diigo: Social Bookmarking and Group Project Management for School Media Specialists

Thursday, March 18, 2010

3:30 pm — 4:30 pm

Course Code: W100318C

Bookmark, Annotate, Cache, Share, and Collaborate. One social bookmarking tool does it all... DIIGO!!!

Diigo is the most amazing one-click solution for all of your bookmarking/sharing needs. Not only does Diigo allow you to bookmark your favorite websites on the fly, it also lets you easily:

- Add tags and annotations
- Create and share lists
- Highlight and add sticky notes to bookmarked pages
- Create open or closed groups (great for project work)
- Cache (take a "snapshot") of page when bookmarked
- Granular privacy controls--share what you want, and keep the rest private
- Sync with Delicious accounts
- Create a "read later" file, and/or email links to yourself or others
- Use Diigo to teach AASL Standards
- Create a special "Educator" account with features specially created for teachers/librarians
- Diigo is one of those rare tools that is both easy to use, and will change the way you do business and help you manage the increasing streams of information in your life

IMPORTANT!

For information about how to prepare your computer before and on the day of this webinar, go to <http://www.sjrlc.org/wimba/>.

Registration: Free, but you must register.

Online: www.peopleware.net/2909

By phone: 973-664-1776
