

# HRLC Highlands Regional Library Cooperative

Presented by the HRLC Technology Committee

## Brand New for 2010! HRLC TECHNOLOGY OPEN HOUSE

It's our ever popular *Open House* featuring:

- **Free or Cheap Software to Market Library Programs**—*Coffee Cup Web Form Builder* and other programs that can manage registrations and build a library e-mail list.
- **Alternative Internet Searching**—there are better, more efficient approaches than Google. Give *Clusty* and other programs a try.
- **Google Books** (10 million+ books digitized) and **Google Scholar** (world-wide online journal database) learn how to *identify, locate, and access*.
- **Windows 7 and Internet Explorer 8**—*test drive* them for *free* and learn about new *advantages and features*.
- **Gadget Table**—visit for hands-on experience with the *ever changing devices* your patrons are using.
- **Gaming Station**—if you *still* haven't tried the *Wii* and want to discuss gaming at your library.

**All presented by your expert colleagues!**

Drop by the Open House and learn about these, *and other new technologies*.

Mix and mingle with newbies and techies alike. **Exchange** ideas.

*Short presentations about every half hour.*

**Special New Feature of the Day**

**Stump the Geek!** - a group of library techies live and in living color answering your questions!

Send your questions to the "Geeks" in advance via [jroukens@hrlc.org](mailto:jroukens@hrlc.org), subject line "Geeks."
